

VERIFIED APPRAISER

THE INNOVATIVE AND PORTABLE PROFILE

Your business isn't about background checks. It's about serving your customers and performing accurate and professional appraisals. But to do this, you need to make sure the Lenders and your AMCs have the information they need to ensure third party compliance. And to grow your business, you need an easy, safe and cost-efficient way to manage this.

That's where we come in. Comergerence has developed the Verified Appraiser - a single source, online solution that eliminates repetitive applications, background checks and multiple fees due to our propriety monitoring services.
